How is the price calculated?

The price is calculated by adding the registration fee (DI), the enrolment fee (FI), and, in certain cases, the specific registration fee (DIS).

DI (REGISTRATION FEE):

Since the 2013-2014 academic year, registration fees for one academic year have been calculated on the basis of the total number of teaching hours that entitle lecturers to remuneration, as outlined in the pedagogical files of the training units in which a student enrolls. This applies to courses when the first tenth of the whole duration occurs during the specified academic year, regardless of whether all teaching hours are delivered within that academic year.

- In secondary education for social promotion: A flat fee of €32 per student for the academic year.
- In secondary education: €0.28 per teaching hour, including 50-minute support hours, up to the 800th hour.

See [Circulaire 9217](#) for details.

DIS (SPECIFIC REGISTRATION FEE):

Non-EU foreign students aged 18 or over, either at the time of the first tenth of the duration of the training unit(s) they are enrolled in or at the time of enrolment if it occurs after the first tenth, are generally required to pay a DIS.

See [Circulaire 8681](#) for details.

FI (ENROLMENT FEE):

The enrolment fees collected by the ASBL (FI) range from €140 to €270, depending on your situation and the number of teaching hours attended.
